SECTION 1. Tennessee Code Annotated, Title 40, Chapter 39, Part 3, is amended by adding the following new section:

(a) Based upon the results of the pilot project authorized by this part for the tracking of certain serious offenders and violent sexual offenders in a select number of counties and the advancements made in the technology for tracking such offenders through a global positioning system, it is the intent of the general assembly that the pilot project be converted into a state-wide system for the tracking of such offenders.

(c) The board's contract with this vendor may provide for services necessary to implement or facilitate any of the provisions of this chapter including the collection and disposition of the charges and fees provided for in this chapter and § 40-28-201(a)(2) and to allow for the reasonable cost of collection of the proceeds.

(d) By July 1, 2007, the board shall convert and implement the existing pilot project serious offender and violent sexual offender monitoring program to a statewide serious offender and violent sexual

offender monitoring program and promulgate guidelines to govern it,
